National Event a huge success in Hobart

The 2011 National Club Level Championships concluded last weekend at the Kingborough Sports Centre. Over 300 competitors from 25 Australian clubs around the country competed in levels 4-10 in three disciplines - Individual Trampoline, Double Mini Tramp and Tumbling.

State coach, Ben Kelly, said Tasmanian clubs competed well with all three clubs having finalists in events. This competition was also a team competition to determine the champion club in Australia. QLD's Robertson Gymnastics Club was crowned Champion Club. Tasmania featured twice in the top 10 clubs of Australia. Hobart's Eastside Trampoline Club finished in 10th position, while Launceston PCYC finished in 4th position, the best result for a Tasmanian club to date.

Other notable achievements include Mal Stuart from Bayside PCYC in QLD. Stuart competed in Level 5 Men's Individual Trampoline and holds the record for the oldest person to win a national event for Trampoline Gymnastics. Future Olympian and World Championship finalist, Ty Swadling, from NSW displayed great height and difficulty, with near perfect execution to impress selectors in the Men's Level 10 event.

Outstanding Tasmanian performances included Hugh McConnell, who won the Level 8 Men's Individual Trampoline. McConnell also scored a bronze in the Double Mini event. Launceston's Makonnen Brown won silver in the Level 4 Men's Tumbling, while Stuart Snare won a bronze in the Level 6 Men's Double Mini.

Congratulations to all competitors...
