Hope you enjoy learning more about this fantastic North West Tasmanian Gymnastic Club, and all the great services they offer to their community.

Our Club

Welcome to Zodiacs Gymnastics Club Inc. We seek to have a positive influence on self-esteem in a fun and safe environment. Our aim is to provide facilities and programs that meet the recreational, physical, cultural, and social needs of the local community.

Zodiacs Gymnastics Club Inc. is a not-for-profit sporting organisation run by a volunteer committee. As an affiliated club with Gymnastics Tasmania, and Gymnastics Australia, we are required to provide quality programs and nationally accredited coaches for our classes.

Why Choose Gymnastics?

Gymnastics is an inherently fun activity. Children love to roll, jump, swing and turn upside down. Gymnastics is excellent for its contribution to general fitness, coordination, agility, strength, balance and speed.

Gymnastics provides a sound foundation in movement patterns for both boys and girls. This allows them to develop their whole body and is useful in many (if not all) other sports.
