

Review of National Club Championships- Men's Gymnastics

Monday, 15 August 2011

We want to know exactly what it is that Australian gymnastics clubs are looking for and what we can do to deliver this...

Gymnastics Australia is currently conducting a review of the National Club Championships event for Men's Gymnastics. We are calling for direct feedback from clubs on the structure of the style of the event.

The National Club Championships has existed for some years and has experienced some great successes and some failures. It is a team based competition open to all member clubs and caters for levels 2 – senior International. The most recent event was held in Melbourne in September 2010.

In order for us to deliver an event that is suitable and appealing for the Men's Gymnastics community we need your feedback. We have created an online questionnaire to ask you about the timing of the event, competition format, awards, level divisions and the event destination. We encourage you to spend some time to complete this questionnaire which is accessible via the link below:

There is a Men's Gymnastics advisory meeting scheduled for the end of August, in which your state will have representation and all survey responses will be reviewed and discussed. Gymnastics Australia will utilise your feedback and the recommendations from this meeting to adapt the event structure in preparation for 2012.

Please ensure you provide us with your feedback prior to **Thursday 25th August**.

Thanks in advance and please don't hesitate to contact us directly if needed!
