

## 14th World Gymnaestrada - Lausanne, Switzerland

*Tuesday, 12 July 2011*

From July 10th - 16th, Lausanne, Switzerland hosted the world's biggest gymnastics event. About 20,000 participants of all ages and levels of ability from 55 different countries met to share their passion for Gymnastics for All. Fun, fitness, fundamentals and friendship are the guiding principals of Gymnastics for All and all of the enthusiastic participants from Australia embodied these qualities.

The World Gymnaestrada was initiated in 1953. With such a long history, the essence of WG centres around the meeting and sharing of cultures and communication through movement. Seven groups of gymnasts represented Australia at this amazing event. Below you can see some of their performances. Keep checking back as more videos will be uploaded!

Further information on the World Gymnaestrada 2011, please check out the links at the bottom of this page. By 'liking' Gymnastics Australia's Facebook page, you will be able to see more photographs and links to video footage from the event.
