Please read for Clarification in regards to the Coach in Training

Please see below for Clarification in regards to the Coach in Training.

### Coach in Training

To Be a Coach in Training at a GT Event, the trainee coach must meet one of the following criteria:

- Have registered for an upcoming coaches course
- Attended an accredited Level 1 Gymnastics Coaches Course for any sports discipline within a 12 month period.
- Hold a current coaching accreditation in another sports discipline

At all times a Supervising Coach must be on the competition floor directly supervising the trainee coach. The supervisor must hold a current Technical Membership in the specific discipline of the Event.

Unregistered coaches who have been previously registered in past years and who do not meet the criteria for a Coach in Training cannot go on the competition floor.

If you have any questions regarding the above, please do not hesitate to contact Gymnastics Tasmania.
