

Eastside Activity Centre Awarded Employer of Choice Award

Felicity Harvey, Wednesday, 26 September 2012

Congratulations on your wonderful achievement!!

On Thursday the 20th September Eastside activity centre was recognised at the Clarence city council business awards.

Eastside activity centre received an award for Employer of choice. This award recognises organisations that provide a stimulating and supportive workplace.

Management provides internal programmes for staff development which includes professional development days and coaching clinics run by inter state representatives. Financial assistance is provided for staff to attend external courses and clinics to help with their professional development.

Eastside activity centre is a family friendly employer providing flexibility for staff to attend to family obligations. Staff are supported in their own sporting pursuits through access to free training and use of quality equipment.

When EAC started it had one kinder gym coach and a manger, now with over 300 members it employees 6 permanent staff and 4 casuals. To keep up with a rapidly expanding club and the limited employees available we are looking internationally for a level 2 coach.

Eastside activity centre are proud to achieve this award as we pride ourselves in following workplace standards and provide a safe, supportive environment for staff.
